I have the honour to refer you to my letter No.311/T., of -- 28th May 1919, and to state that I am of opinion that the arrangement therein tentatively agreed to should now cease; the test checks made do not appear to justify a continuance of it, as will be seen from the enclosed copy of my General Traffic Manager's report. - - - I shall be glad to hear from you.

Check of contraband goods.

- - - - - - -

With reference to your above I beg to report that during the three months June, July and August 1919, no check was made at all at Bisanattam Station.

During July and August 1919 three checks were made in each month at Harihar without detention to trains and no contraband goods were found. No check was made at this Station during June.

At Dodkurgod 4 wagons were checked on 67 train of 27-7-1919 and a similar number on 283 goods of 4-8-1919 and these trains were delayed 48 minutes and 42 minutes respectively. No check was made at this Station also during June.

The checks seem to have been of no use and in two cases goods trains were seriously detained.

From

K. MATTHAN, Esq., B.A.,

Food Controller and Director of Civil Supplies in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt. of Mysore.

Sir,

With reference to your memo No. C.G.293 of the 12th instant, forwarding for my opinion a copy of letter No. 311/T. dated 30th September 1919 from the Agent, Madras and Southern Maharatta Railway Company, pressing the discontinuance of the arrangements for test checks of waggons at frontier railway stations, I have the honour to state that test checks have been regularly made only at the Harihar station by Mr. Abdul Ghani, the Assistant Superintenient of Police. I quote below from his diary for the week ending the 30th August 1919, regarding the value of such checks:-

"The examination of the waggons began on the 30th of June 1919. Up till now, no controlled foodstuffs were found and no trains were delayed for the sake of examination. I consider this kind of examination is not very satisfactory. We have to be permitted to examine more than one waggon twice or thrice in a week.

This may give us an opportunity to find out if any controlled stuffs are going out. Examining once a week gives the railway servants an idea when to despatch and when not. The Deputy Amildar may also be permitted to examine the wàggons".

2. As regards the checks at Dodkurugod and Bisnatham

25

I drew the attention of the Inspector-General of Police in my letter No.4073 of 22nd August 1919 to the fact that only two reports had been received from Dodkurugod and none from Bisanatham and the Inspector General of Police has in his letter No.C.330/19-20 of the 13th October 1919 intimated that "displeasure at the failure to carry out the clear instructions of this office has been communicated to the Superintendents of Police". Latterly reports are being received both from Dodkurugod and Bismatham stations. In no cases have controlled foodstuffs not covered by licenses or priority certificates been found.

3. In my opinion the assistance given by the railway authorities in enabling us to conduct test checks has been of great value in preventing unauthorised exports especially towards the Bombay Presidency. It is to be regretted that goods trains should have been unduly detained at Dodkurugod station thus giving the railway authorities an argument against the continuance of the arrangement. It is within the knowledge of Government that controlled foodstuffs had been exported in some cases with the knowledge and connivance of the railway staff. I might instance the case of the export of jawari and ragi from the Ramagiri station to Hattimattur, the goods being declared to be coriander and mustard, which was brought to notice by the Deputy Traffic Manager, Dharwar, another export of 3 bins of boiled rice from the Cantonment station to Kenamangalam, the contents being declared to be alum and of the large exports of horsegram from Banavar station tothe Bombay Presidency. There is still a great deal of demand especially for horsegram both from the Madras Presidency and the Bombay Presidency and merchants are eagerly

watching for an opportunity of exporting the goods. If the system of test checks of waggons at frontier stations is now given up there is room to fear that merchants in collusion with the railway subordinates will export controlled commodities. I would, therefore, request that the railway authorities may be moved to allow us to continue this system as long as the prohibition against export remains. Strict instructions will be issued against unreasonable detention of goods waggons. Dodkurugod and Bisnatham being minor stations some detention is unavoidable.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director
of Civil Supplies in Mysore.

Pol 544
Dated 21st Nov. 1919

Sir

Adverting to your Memo No. 7682, dated 8th October 1919, forwarding for the views of the Durbar, a copy of letter No. 311/T, dated 30th September 1919, from the Agent, M.S.M. Ry., Co., regarding the discontinuance of the arrangements for test check of waggons by Durbar Officials, at frontier Railway stations, I am directed to state that the assistance given by the Railway authorities in the matter has been of great value in preventing unauthorised exports of controlled grains especially towards the Bombay Presidency. Though in the actual checking no cases of unauthorised export came to notice, the Durbar consider that the existence of such a check has to a large extent minimised the chances of such exports. Instances of unauthorised exports by merchants under false declarations ~~by the connivance of the railway officials~~ by have nevertheless occurred and one of such cases was referred to in my letter No. Pol. 1103 dated 6th May 1919.

2. The Durbar consider that the continuance of the arrangements during the period control of exports lasts is very necessary and as the question of the discontinuance of control will be reconsidered at the end of December 1919 as intimated in my letter No. Pol. 413 dated, 21·10·1919 the Durbar hope that the

Railway administration ~~xx~~ will not find it a great inconveniance if the system of test checks is continued for ~~short~~ same time more.

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

With reference to letter No.311/T of the 29th November 1919 from the Agent, M. and S. M. Railways to the First Assistant to the Resident in Mysore, a copy of which was communicated with your memo No. G.13893/P.P.26-19-63 of the 17th ultimo, I have the honour to request the favour of very early orders as to the continuance of test check of goods waggons after December 1919. It is my opinion as already stated that test checks should continue as long as the embargo on the export of rice, ragi and jola continues. The Central Food Supplies Committee recommended sometime ago that these embargo should be continued as long as the Government of India continues inter-provincial restrictions. The Government of India have already intimated that inter-provincial restrictions will continue at least till the end of January 1920. From the way in which the situation is ~~developing~~ developing both in Mysore and outside it appears likely that inter-provincial restrictions will continue further. I have the honour, therefore, to request that the test check of waggons may be ordered to be continued for a further period.

I have the honour to be,
Sir,

BOOKING OF HORSE GRAM CONTRARY TO RESTRICTIONS.

******

With reference to your Memo No.1688, dated the 24th February 1920, forwarding for consideration a copy of letter No. Pol.921 of the 16th idem, from the Chief Secretary to the Government of H.H. the Maharaja of Mysore, I understand the case reported is an exceptional one and appears to have occured under unusual circumstances. The intimation from the Director of Civil Supplies in Mysore prohibiting the export of horse gram out of Mysore State without a license was telegraphed to the General Traffic Manager and the District Traffic Superintendent, Dharwar, late on the 10th January last which was a Saturday, and action was taken on it on Monday the 12th idem.

2. In the meantime the Station Master, Shivani, booked 1062 bags of horse gram, covered by 25 Receipts, out of the Mysore State. He appears to have done so with some previous knowledge of information of the prohibition coming into force immediately, but as he died 10 days after the booking no further enquiries are possible.

3. The Police have seized under the orders of the Director of Civil Supplies 6 of these consignments consisting of 331 bags. As these consignments were booked before the orders prohibiting such booking could possibly have been received at the Station, I shall be glad if you will kindly move the Durbar to release these bags as the owners are in possession of Railway Receipts and will undoubtedly claim for the contents.

I understand that the Agent does not object to the continuance of the system of test check of waggons at the frontier stations, but does not want an extension of the system. In my opinion the continuance of the test check of the waggons at frontier stations is absolutely necessary so long as the embargo on the export of foodstuffs is continued by Government and it must be obvious that these checks would be more valuable if they do not occur at stated intervals, but can be made by way of surprise inspections and oftener than once a week. I am sure that any slackening or negligence in this respect is likely to defeat the intentions of

Examination of contraband food grains despatched from Mysore State.

In reply to your Memo: No. 4821 dated the 4th June 1920, I have the honour to state that as the checks have so far revealed no cases of contravention of booking against restriction, an extension of the system does not appear necessary.

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Govt. of Mysore.

Sir,

With reference to your memo No.G.251/P.P.26-19-53 of the 6th July 1920, forwarding for my remarks a copy of letter No.311/T. dated 23rd June 1920 from the Agent, Madras and Southern Mahratta Railway Company, Limited, regarding checking of railway waggons at frontier stations, I have the honour to state that as the difference between the prices prevailing in the State and outside the State are not now very appreciable on the eastern and nothern (excluding north-western) frontiers of the State the temptation to export food grains from the State surreptitiously is very considerably minimised and as the Railway authorities are evidently not in favour of an extension of the system so as to allow of surprise inspections I am of opinion that these weekly tests may now be dispensed with.

In this connection I may say that attempts at surreptitions exports of foodstuffs by railway should be greatly minimised by the employment of the police establishment sanctioned in Government Proceedings No.G.29251-63/P.P.66-18-236 of the 22nd April 1919. I request that it may be ascertained from the Inspector-General of Police whether this establishment has been entertained and is at work. I have not been able

able to obtain information on the point from the Inspector-General of Police as my letters to him on the subject have not elicited any reply.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director
of Civil Supplies in Mysore.
